

Kentucky American Legion Auxiliary
October 2022
Auxiliary President

Thank you for what you do! Your dedication and love for our Veterans are amazing and makes our Legion family a great success!

Our American Legion Family 2022-23 theme is: “Together in Service to Veterans” and our member focus will be on “Making Memories – Bring a friend and have some fun”.

Together in Service to Veterans is to re-energize our love for our programs and re-focus our support to help them grow. There will be workshops throughout the year about our programs for the community and our members to learn about the exciting things our Auxiliary does.

Our special project that is within the State of Kentucky is the Kentucky Veterans Hall of Fame. This program inducts numerous living and deceased Veterans each year that have excelled in serving their Country and communities in which they live in. We will hear more about this program at our October conference.

We have specific goals in mind for Auxiliary programs that will be shared at the October conference and in our upcoming bulletins. This is your chance to see real life results by making a difference.

Our members love our Veterans and have dedicated a large portion of their time to the American Legion Family. Simply put, our members are AMAZING!! What I have witnessed throughout my years in active Legion family service is that many of the same members give and give until they have lost their energy and passion or “shine”. The last two plus pandemic years have increased the pressure and we have lost many loved ones. The 2022-23 Legion Family year is going to be focused on re-charging our passion for our Veterans and our mission, and recognizing our members that work tirelessly! We will provide resources to assist, activities to energize, and surprises to delight!! I can’t wait to work alongside all the talented individuals.

We will be focusing on having fun, engaging potential members and supporting our local posts. You will hear more about this from our fantastic membership person, Sarah Henderson. There will be contests and prizes (you know me) for rewarding our members.

I hope this excites you as much as it does myself and our leadership. What I need from you is your commitment of your time, resources and heart to make this year the best ever. Thank you for your time and your dedication to our Veterans! Hope to see you at Fall Conference in October!

For God and Country

Nancy Moses
American Legion Auxiliary
Department President
2022-23
